

DANGEROUS MOVE BEING PREPARED

"Interests" Hope to Injure Country's Business Temporarily.

FOR BENEFIT OF
STAND-PATTERS

Adolph Spreckles, Fighter of Graft, Foresees Desperate Plan to Influence Fall Elections and Rout the Insurgents. West Will Prove Savior of the Country.

[Special to The Times-Dispatch.] New York, July 23.—Adolph Spreckles, the wealthy son of Claus Spreckles, of San Francisco, who has devoted his life to a nation-wide fight on graft, believes that "the interests" are preparing some dangerous move to injure business temporarily for the benefit of the "stand-patters," who want to go back to Congress this fall, and for the general benefit of all the politicians who have been brought into danger by the wide spread of Insurgency.

He came back from Europe to-day on the Kaiserin Victoria, after seeing many prominent American business men and bankers abroad. And that was the opinion he had gathered from them and from his observations of the course of events in the United States. "I expect to see the monied interests of the country make a very significant move with the purpose of influencing the people before the fall elections," said he. "I believe that they will try to cause a national disturbance of business to frighten the people into returning the 'stand-patters' to office."

"However, I think that the Insurgents will be returned to Congress in larger numbers and will indirectly control national legislation. Ultimately, I think, the great West, the home of the Insurgents, will prove to be the savior of this country from the corruption interests and the politicians there in control."

Mr. Spreckles found a much different view of American business conditions in Europe from that usually found by American millionaires who go abroad.

"The concentration of wealth in the hands of few in the United States is considered by foreigners more dangerous than our political legislation," said he, on that subject.

"So long as the political holders of the wealth can do as they will, this country will be upset financially, and foreigners will lack confidence in us. Nevertheless, there is a feeling of optimism as regards our future, though not our immediate future."

Cholera-Morbus

The deadliest of summer complaints, is caused by carelessness, such as eating unripe fruit and drinking ice water when overheated. According to prominent physicians' report, over 95 per cent. of the cases of cholera, malaria and other summer maladies could be avoided by the simplest precautions.

Eat lightly, avoid iced drinks. When thirsty be sure to put a teaspoonful of Duffy's Pure Malt Whiskey in every glass of water you drink.

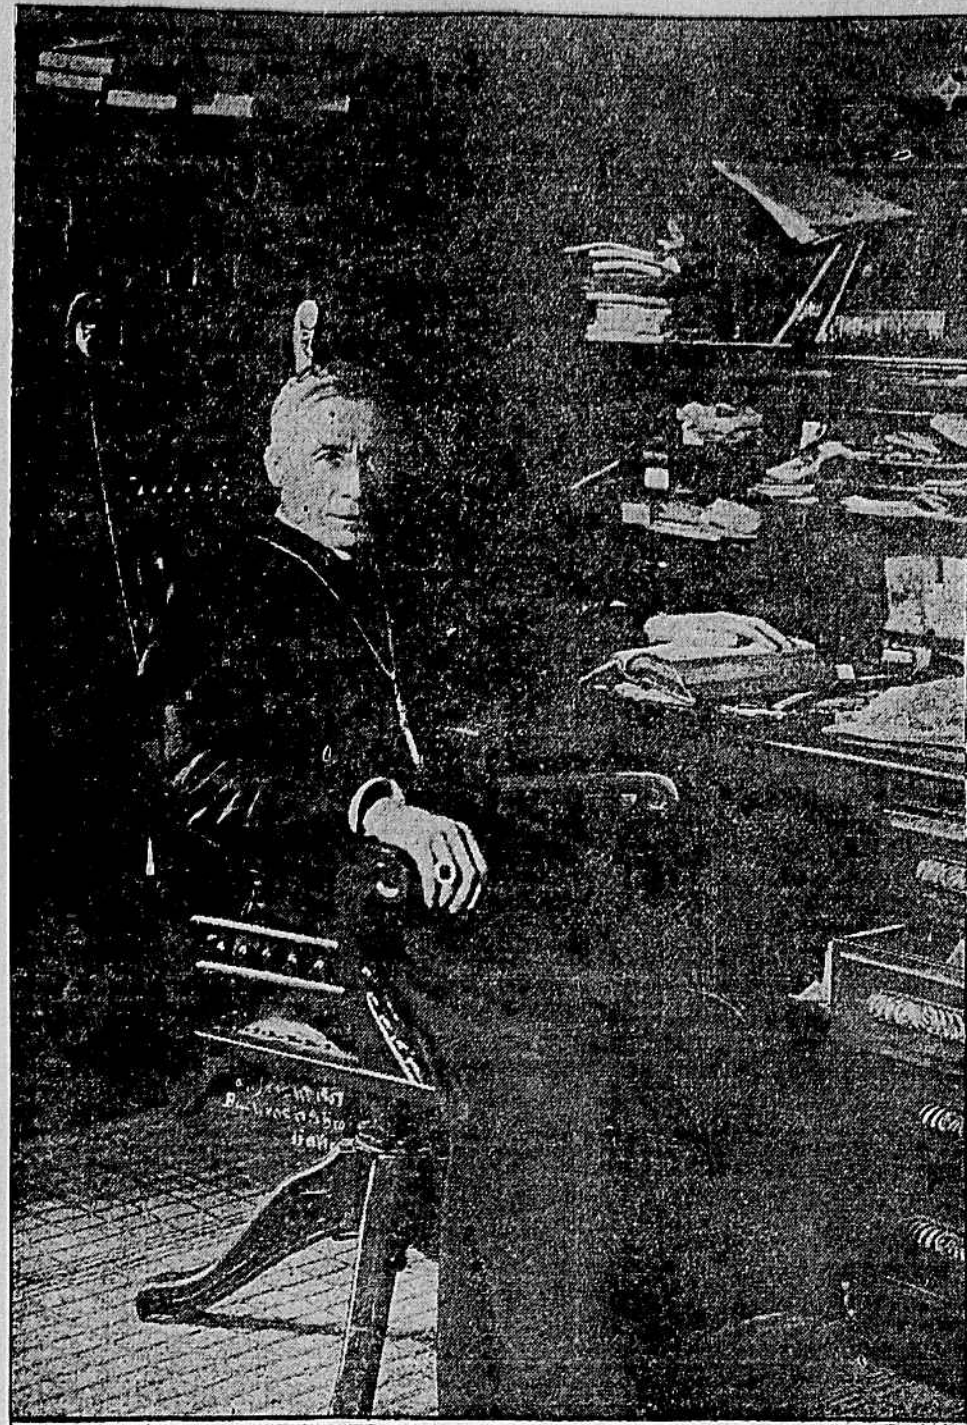

Duffy's Pure Malt Whiskey assists in killing the disease germs and keeps the system in a normal, healthy condition.

It is an absolutely pure, gentle and invigorating stimulant and tonic. When taken at meal time it stimulates the mucous surfaces and little glands of the stomach to a healthy action, thereby improving the digestion and assimilation of the food and giving to the system its full proportion of nourishment. This action upon the digestive process is of great importance, as it brings to all the tissues and organs of the body the nutriment necessary to their sustenance and indirectly to the whole system strength and vigor. It is prescribed by doctors and recognized as a family medicine everywhere.

Thousands of letters of gratitude are received from men and women in all walks of life, both old and young, who have been cured and benefited by the use of this great medicine and who continue to enjoy good health. Sold in SEALED BOTTLES ONLY by druggists, grocers and dealers, or direct, \$1.00 a large bottle. The Duffy Malt Whiskey Co., Rochester, N. Y.

ject of direct primaries, he said that the people of California had been compelled to accept a second rate measure. "This will in the end force a bill that will provide for real direct nominations," he said.

Cardinal Gibbons Celebrates His Birthday

[Special to The Times-Dispatch.] Baltimore, Md., July 23.—Cardinal Gibbons is seventy-six years old to-day, and the Catholics of this city observed the event with due ceremony. While the cardinal was away, to any public celebration, the people gathered at the various churches, where special services were held. At the Catholic Church solemn high mass

was sung, in which special remembrance was made for the prelate, who is dearly loved by the people of his faith and highly honored by those of other creeds.

Cardinal Gibbons was not present at the mass, he being the guest at the home of T. Herbert Shriver, at Union Mills, near Westminster. There, in a private chapel, the cardinal celebrated mass, and later received the congratulations of a number of callers.

He is in good health, and was in cordial humor and happily responded to the hearty wishes extended to him. Many telegrams and letters of congratulation were received by him from persons of note in all parts of the country.

THINKS IT HER TIME TO KIDNAP THE CHILD

Husband Stole His Daughter Once, Now Mother Tries It, but Lands in Hands of Raleigh Police.

[Special to The Times-Dispatch.] Raleigh, N. C., July 23.—Hysterical to a degree, Mrs. Roscoe Groscoe Ayers is to-night, under police surveillance here, with her seven-year-old daughter, awaiting the arrival of her husband from Durham, his coming here being in order to produce a writ of habeas corpus to be served on her. She claims that she found it impossible to get along with her husband, but gives no details as to the cause of separation. She had been living with his people in Roanoke since she left her husband, who had been for some time dispatcher for the Durham Traction Company. The police did not take the child from the mother to-night, leaving them together at the boarding house with precautions to prevent their slipping away.

The police located Mrs. Ayers at a boarding house here this evening, and notified the father at Durham, so that he came across country in an automobile to-night, accompanied by H. A. Doushee, as counsel. He has retained Holdings, Bunn & Snow, of Raleigh, as additional counsel. The writ was issued by Chief Justice Walter Clark, of the Supreme Court, and the hearing is expected to be Monday morning.

Mrs. Ayers admits that she kidnapped the child, saying that she came from Roanoke, Va., for the purpose. She says she kept the child for quite a while after she and her husband

separated, and that he kidnapped it from her.

This was two years ago. Now she thinks it but fair that she should have the child for a while.

Black Issues Denied. [Special to The Times-Dispatch.] Washington, D. C., July 23.—General John C. Black, chairman of the Civil Service Commission, today issued a denial to published statements that the commission had decided to bar women from appearing in the examinations for positions as stenographers in the government. The commission has a greater demand for men stenographers than for girls in these positions.

Fortune Telling

Does not take into consideration the one essential to woman's happiness—womanly health. The woman who neglects her health is neglecting the very foundation of all good fortune. For without health love loses its lustre and gold is but dross. Womanly health when lost or impaired may generally be regained by the use of Dr. Pierce's Favorite Prescription.

This Prescription has, for over 40 years, been curing delicate, weak, pain-wracked women, by the hundreds of thousands and this too in the privacy of their homes without their having to submit to indelicate questionings and offensive repugnant examinations.

Weak women are invited to consult Dr. Pierce by letter free. All correspondence held as strictly confidential. Address: World's Dispensary Medical Association, R. V. Pierce, M. D., President, Buffalo, N. Y. Dr. Pierce's Great Family Doctor Book, The People's Common Sense Medical Adviser, newly revised up-to-date edition—1000 pages, answers in plain English books of delicate questions which every woman, single or married, ought to know about. News of South Richmond

South Richmond Bureau, The Times-Dispatch, 1103 Hull Street.

South Richmond people are looking forward eagerly to the time when a new bridge will span the James River at Fourteenth Street, affording additional and much needed means of transportation, with tracks which will enable the Petersburg cars to enter the business heart of the greater city. Under the annexation agreement this bridge must be erected, condemnation proceedings in Judge Witt's court paving the way for that which is badly needed.

A man who is familiar with traffic conditions undertook for a time yesterday to estimate the number of people and teams crossing the Free Bridge, but he gave up the effort early, realizing that it was a bigger task than he expected.

"If I had the time and somebody to count while I go home to meals," he said, "I would give the public some idea of the vastness of this traffic. It is enormous and would open the eyes of those people who have minimized the business importance of the Southside. Just now the night travel is heavy. People are flocking to Forest Hill Park, and hundreds who work in Richmond live near that resort in summer. Of course, we understand the reasons why we cannot get that additional bridge to-day, but we will have it in time and it will be exactly what we want."

Funeral of Mr. Allen. The funeral of William M. Allen will take place at 10 A. M. to-day from the home of his son, 506 West Thirteenth Street. Interment will be in Maury Cemetery.

The funeral of James, infant son of J. Calvin Abbott, was held yesterday afternoon from the parents' home. Four little girls, playmates of the dead child, acted as pall bearers. The funeral services were conducted by the Rev. J. C. Haley, pastor of Stockton Street Baptist Church.

Burgess Goes to Jail. C. C. Burgess, colored, was fined \$10 in Police Court No. 2 on a charge of firing several shots Friday afternoon at John Harris. Both men were arrested by Officer Waymack. Security was also required and Burgess went to jail in default.

After failing to hit Harris with a bullet, Burgess gathered up a lot of bricks, which he let go with more accuracy.

Engagement Announced. [Special to The Times-Dispatch.] West Point, Va., July 23.—Mr. and Mrs. Charles T. Kemp, of West Lanesville Street, Baltimore, announced the engagement of their daughter, Miss Margaret Sibyl Kemp, to Robert Kemp Slaughter, of Baltimore, formerly of West Point, King William county. Mr. Slaughter was born and lived most of his life in West Point. He was educated in the local schools and the V. P. I. at Blacksburg. For a time he worked for the Southern Railway Company at this place, and then was transferred to the offices at Baltimore. In 1906 he graduated in law at the University of Maryland, and is now a member of the Maryland and Baltimore Bar Association, and is auditor of the Chesapeake Steamship Company. He is the son of the late John B. Slaughter, of West Point, and his mother was Miss Eudora Anderson, and is living with her daughter, Mrs. Charles Friend, near Richmond. Miss Kemp is the granddaughter of

the late Dr. William H. Hardy, of Howard county, Md., and is related to many prominent families in Maryland. The marriage will take place in the early autumn.

HAD BIG TIME AT BUCKROE BEACH

Picnic for Employees of Locomotive Works Was Great Success.

MANY UNIQUE CONTESTS

NEGRO CHARGED WITH BANK THEFT

[Special to The Times-Dispatch.] Boynton, Va., July 23.—John Wesley Meredith, a negro, who is charged with being one of the two negroes who held up young Mr. Andrews, a clerk in the Bank of South Hill, while Mr. Andrews was engaged in the bank at a rather late hour, on Saturday night, was brought here on the early morning train and lodged in jail. There were two men engaged in the robbery. The authorities are working faithfully to capture the other man. The whole town of South Hill is greatly wrought up over the affair, and every effort is being made to run down the fugitive. The hold-up was a daring act. The robbers only secured \$20, which sum Mr. Andrews had on his person at the time the men entered the bank.

CONDITION WILL BE UNIQUE

Citizens of Minnesota May Not Be Called On for Taxes Next Year. Minneapolis, Minn., July 23.—Citizens of Minnesota may not be called upon to pay taxes next year. At present the treasury of the State

is groaning under the burden of a surplus which has never been duplicated. October 1 there will be nearly \$4,000,000 in the State treasury. October 1, 1909, the treasury was approximately \$2,000,000 in the treasury. The unusual amount of money in the State's cash box has come about through the successful settlement of cases which have netted the Commonwealth large sums of money. The largest of these it came from the settlement of the lumber cases, the gross earnings tax case, the Kennedy inheritance tax cases and others. Not only have large sums of money come into the treasury, but they will result in constantly augmenting streams of gold in the direction of the State's coffers, so that Minnesota bids fair to become a State unique in the history of taxation—a State that may find it not necessary to tax its people one cent for the general maintenance of State government.
